

October 20, 2015

By the present, we would like to show our immense appreciation for Lori's services to our family. We found it very challenging to find a daycare service that could accommodate our charged schedules as well as offer the type of personalised service we were looking for. We found all of that at Tante Lori's. To us, our two labrador mixes Leeya and Elsa are more than just pets. They are our family and we treat them with immense respect and love. It was important to us that they find that same treatment with their pet sitter. We have tried other services such as boarding and kennel services which could never compare.

We knew immediately after the first few days that they had found it. Our two little girls would run to the car first thing in the morning and whine all the way to Lori's. They knew her by name and were so happy to see her every time. These reactions and the all but wonderful interaction that not only our dogs had, but that we had from the initial meeting with Lori were of every comfort.

Lori is a well informed and overall caring person whom makes our pets a priority. She makes them a part of her family in order to help our own. She was so understanding of our needs and was very flexible. Her services are very affordable for the type of personal and "just like home" care she offers. Our girls have been regular weekly clients, and will continue to visit Lori as occasional clients as well. Lori made us feel like family, and always made us feel very confident in our choice to bring them to her. There is no other person we feel that can be trusted more than Lori, she is our first choice when it comes to having our pets cared for in our absence.

Thank you Lori, from the bottom of all our hearts!
The Roberts-Da Silva Family
