To: Tante Lori Subject: Testimonial

When we adopted our puppy Molly, we realized we would need to find someone to walk her while we were at work. We hoped to find a reliable dog walker who would show up as planned and who could handle a playful new puppy and an older dog known to escape!

It was a very hard decision to trust a stranger but once meeting Tante Lori, we could tell she was a trustworthy professional and loved animals! Not only can we trust her to arrive as planned and walk the dogs but she goes above and beyond to let us know how the walks go.

We love the daily reports, pictures, training tips and flexibility she provides! If you have a pet who could use some extra care and attention, we definitely recommend Tante Lori!
