Lori Roche asked me to be a reference for her. Let me start off by saying she is absolutely amazing!

Lori has been walking my dog since the end of September and has been a total godsend to me. She is very thorough with her care and treats my dog like one of her own. They have actually formed a big bond because of this.

She has been great about keeping me informed on things like vets and dog parks in the area as I am new to Gatineau. She also makes sure that I have everything Squishy needs like dog boots and proper cold weather wear and goes above and beyond to let me know of the best items for my dog and why they are that.

She is super flexible and so easy to work with. I honestly cannot recommend her highly enough. I have complete trust and confidence in her to take care of any dog above and beyond what you could ask for.

She leaves me daily updates on how my dog's walk has been and even sometimes sends photos and videos of their walks. She has also socialized her with some other dogs which has been really great as she can be timid or uncertain around other animals.

You really won't find someone as good as Lori, I've told her before she is like my own personal Cesar Milan. Hope this helps. If you have questions I'm happy to let you know!
